

## UNDERSTANDING THE FATHER-SON RELATIONSHIP

**John Eldredge**, Author/Speaker

John Eldredge insists that “The father-son relationship is the most important relationship in the universe.” In this video John talks about how this relationship influences our development as men and impacts our walks with God. The more we explore this relationship the more we experience the good heart of God for us as sons. This is John Eldredge’s sweet spot and we hope his teaching challenges you to take a deeper and more honest look at your relationship with your Heavenly Father, and your earthly father. Be on the lookout for God to be “Fathering” you after hearing this message.

**Follow Up Questions:**

Recall some times in your life when you’ve “learned by example.”

How has God provided other brothers or fathers for you?

What were some important experiences in King David’s life where he was fathered by God?

What are some life changing experiences God has used to shape you?

What is your response to the “decade of honesty”?
