

## DISCOVERING THE HEART OF A WOMAN

**Jan Meyers Proett, Counselor/Speaker**

Young men coming into the program always have questions about the heart of a young woman. As they should. It's a big deal. Jan Meyers Proett pulls back the curtain to reveal what a young woman is thinking and feeling. Every year young men walk away from their time with Jan encouraged and enlightened about the mystery that is the heart of a woman. We challenge you to listen carefully to Jan's words of wisdom then process with your group how we as men should handle a woman's heart with holiness and integrity.

Jan's full length interview is longer than most of the others and could be split into two videos. Feel free to pause or stop the video at any moment to discuss the content she is offering.

**Follow Up Questions:**

What do you think a woman wants from a man?

Do you think you have pursued women well?

In your opinion how far is too far physically and why?

What are your fears with pursuing a woman?

What is your greatest question about the heart of a woman?
