

## MORE THAN JUST READING YOUR BIBLE

**Dr. Paul Penley**, Author/Ph.D

Dr Paul Penley PhD is our resident scholar. He brings a refreshing take on understanding one of the foundational disciplines of our faith. Paul's heart is that we would do more than just read the Bible. His desire is that we would really understand what God is saying through his Word. Let his teaching impact and challenge your daily devotional time. It's much more than just reading your Bible.
